***Summary of, and Comparison with Existing or Proposed Federal Statutes and Regulations***

***Comparison with rules in adjacent States***

The technical rule changes proposed in this rule will not create any disparities between Wisconsin and the adjacent states.

***Analysis and Supporting Documents Used to Determine Effect on Small Business***

Because this bill makes minor technical changes, no significant analysis or documentation was required to determine that the proposed rule will have no impact on small businesses.

***Effect on Business Impact***

This rule will not have any impact on small businesses or other business. This rule makes minor technical changes that will not have any impact on business standards, costs or operations. See the complete *Initial Regulatory Flexibility Analysis* that accompanies this rule.

### *Conclusion*

This rule will not have any effect on “small business,” and is not subject to the delayed “small business” effective date provided in s. 227.22(2) (e), Stats.

### *Summary of Factual Data and Analytical Methodologies*

This rule does not depend on any complex analysis of data. This rule merely makes minor technical changes to current rules.
